The Sidings Ind. Estate  
Settle  
N.Yorks.

2<sup>nd</sup> September 2004.

Dear Sirs.

On behalf of the Principal and governing body of the college I would like to extend our appreciation and thanks for a job well done.

We were all very apprehensive, regarding the chances of completion of the volume of work, considering the time parameters we set for your company.

But thanks to your hard work and that of your highly skilled operatives the creation of all our new areas was completed and operational for the beginning of the school term, as you indeed promised it would be.

The new reception area in particular, testifies to your company's standard of work. It is now a much talked about focal point at our college and as I write it continues to receive favourable comments, we are delighted with it!

Please pass on our comments to all your people involved.

Yours faithfully

Bill Pybus – Technical Services Manager

cc. to: Mr. Trevor Wear – Principal  
Mrs. Barbara Fiorato
